

Item

```
graph BT; SteelHelm[SteelHelm] --> Helmet[Helmet]; Helmet --> Equipment[Equipment]; Equipment --> Item[Item];
```

The diagram illustrates a class hierarchy. At the top is the 'Item' class. Below it is the 'Equipment' class, which inherits from 'Item'. Below 'Equipment' is the 'Helmet' class, which inherits from 'Equipment'. At the bottom is the 'SteelHelm' class, which inherits from 'Helmet'. The inheritance is indicated by upward-pointing arrows between the boxes.
